

HELPING HOMELESS AND VULNERABLE PEOPLE SINCE 1860

How else your organisation can support us.

### Charity of the Year.

Many companies choose a charity to benefit from all the different types of fundraising that the staff and the company itself may conduct across an entire year. Combine your events, activities, Payroll Giving scheme, company donations, sponsorship, matched giving, collections, charity sales, office fines...

Sticking with the same charity all year can benefit both parties; the company or its employees don't have to decide on a charity for every event and get to know the charity better, helping them to get wider buy-in for their cause; for charities the obvious benefit is a larger donation at the end of the year and that an ongoing revenue stream has been secured, but also, all charities love the opportunity to regularly engage with their corporate partners.

### British 10k Run

We are looking for recruits to join Team Providence Row in this year's Asics British 10k which takes place in Hyde Park on the 10<sup>th</sup> July. We're asking companies to provide teams of three or more and compete against each other for fastest runner and team who raises the most money!.

Email [dkulkarni@providencerow.org.uk](mailto:dkulkarni@providencerow.org.uk) for more information or to buy a place.

### Payroll Giving.

For a modest £12.50 (£10 from you and £2.50 from your already-paid tax) a month payroll giving contribution we will receive £150 over the year. We bet you won't miss a tenner a month but for the people we help it could make a real difference. Ask your payroll team for more details.

### Collections

We are always in need of various everyday household items; please contact us to find out what we would currently benefit most from. In general however these items include:

Men's socks  
Shower gel  
Shampoo  
Shaving foam  
Razors  
Toothbrush  
Toothpaste

Please note we are unable to collect items from you.
