

**HELPING HOMELESS AND VULNERABLE PEOPLE SINCE 1860**

## Fundraising Ideas

### **Sponsored Events**

Nearly every week it may seem that you get a request for sponsorship from someone we know. If you want to do a sponsored event then make sure it stands out from the crowd.

If you need a little help with getting in shape or quitting smoking then being sponsored is the ideal way to do it and your friends would be more than happy to give you that extra support for along the way.

### **Cupcakes and Muffins**

The traditional cake sale is always popular whether they are sold at work, college, church or just to mates. Cupcakes are very popular at the moment and you can have fun decorating them.

### **Pop up restaurant**

Why not have a mini restaurant in your own home, choose a simple menu, charge your friends a set price with the proceeds coming to Providence Row!

### **A Night at the Races**

Hold an evening at the races, showing pre recorded races – horses, dogs, cars, people – what ever you prefer, you could theme it and dress appropriately. Then your guests place bets and the proceeds of these go to Providence Row.

### **Jumble sale/yard sale/garden sale/bring and buy sale/car boot sale**

What ever you call it this is another traditional fundraising event that always goes down well, either charge people to attend with their stalls and ask for an entrance fee, or just have all the proceeds from everything sold coming to us.
